Stranded Girl Appeals To Frankfort Mayor For Help

A stranded young girl found her way into Frankfort Tuesday when her boy friend with whom she had been traveling, put her off the bus at the intersection of routes 30 and 45. After walking into the village, Mayor Geo. Sangmeister took her in charge. She gave her name as Claire Hoffman, 15, whose home is in Winchester, New York.

She told a story of being induced, apparently willingly, by Jerry Schwartzmeyer, 21 of Winchester also, to make the trip with him. They were bound for Chicago or St. Louis. Schwartzmeyer, a former jockey claimed to be in the Water Purifying Business in Winchester.

Her story was that the young man forced her to board a bus in Buffalo, and came to Detroit, Mich. There they stayed in a hotel for a few days where he forced her to dye her hair black, and where she claimed she was drugged. Next they boarded a bus for Chicago, but enroute they had a disagreement and when at the above mentioned four corners, he put her off the bus and went on his way without her.

Mr. Sangmeister turned her over to the State Police in Joliet who telephoned her parents and who said they would leave at once by auto to come and get her. Until they came for her she was kept in the County Jail.

The girl's father is a customs inspector at Buffalo. She has a younger sister and one brother.

Improving School Grounds At Mokena

For the past several years, the grounds at the Mokena Public school on the west side was in a deplorable condition due to having been filled when the school was built. This filling was mostly clay, and children playing there would be unable to keep themselves clean.

The past week, Harold Spiess, Walter Yunker and Clarence Werner, prepared that section of the school grounds for a winter skating rink, moving ground from a higher place to fill in a lower one, thus creating a depressed area which is being planned for the rink.

At a special meeting of the Mokena PTA held Tuesday, the members voted to pay the above mentioned men for their work part of which was donated. The PTA members now are asking the assistance of public spirited citizens, organizations or groups in Mokena to have this rink black topped in order that it might hold water for freezing in winter for skating. And which can be used in summer for play and tennis courts, etc. It is very desirous to have this project completed before school opens, as it is very annoying to teachers and parents alike to have the children soil their clothes by playing in the clay, which it is now.

Perhaps this is a nice project for the Civic Association or other citizens of Mokena. Who will be the first to speak up.

Tax Assessments Published In This Issue

The News-Bulletin is today publishing the personal property assessments for 1946 with a few real estate assessments for Frankfort and New Lenox townships, as made by the assessors, Mr. Joe Kohl and Mr. Homer Kemp.

In general, the property assessments will be the same as fixed by the assessors 4 years ago. Every four years the real estate is re-assessed.

Under the law, the assessments fixed by the assessor must be published so that persons affected by the taxes, might examine them and determine if they are equitable. Residents in the community who feel that their assessment is unfair, are privileged to appear before the Will County board of review which now is in session on the second floor of the court house and file their complaint. In due course, the complaint will be examined and investigated. If the situation warrants it, the assessment then will be adjusted.

The assessments are published under the direction of the county supervisor of assessments, Ivan Rhodes who is also the county collector. The assessors books are turned over to him when the work of the respective assessors is completed.

Burglars Break Into 3 New Lenox Stores

Three places of business were burglarized during Monday night in New Lenox.

At the IGA store on Lincoln Highway, operated by Mr. Anthony Padzuika, entrance was gained by breaking a pane in a window facing a two-foot passageway. The window is about 10 feet from the ground. \$22 was taken in change from the cash register, and at least 10 cartons of cigarettes are missing, with an unknown amount of candy and cigars.

The Wilbur Walsh gas station on N. Cedar Road was also entered by removing a pane of glass on the south side of the building. Here between \$5 and \$8 in change was taken from the change box. Missing also were flash light batteries.

The third place entered was the Brookwood grocery store, next to the Walsh Gas station, a Royal Blue store operated by George Marshall. Entrance was gained thru the coal chute door on the north side of the building. The cash register was tapped open, a quarter of cigarettes stored near the register were not touched. A survey of the premises revealed nothing missing.

The thieves were reported to the sheriffs office and Deputies Ben Suva and Wm. Rossdeutcher made investigations. It is believed the burglaries were the work of "local boys." Wednesday two car loads of young boys were taken to the Sheriff's office in Joliet for questioning.

Frankfort Attorney Heat Victim

This territory was visited last week for several days with hot weather. The mercury went to 95 and on Thursday to 99 which was a high for this year. Although farmers reported it was good for the corn, it was hard for people to endure.

While most persons restricted their sufferings from the above normal temperatures to complaints, two Will County residents were hospitalized as a result of the heat. Attorney Albert H. Krusemark, Sr. of Frankfort and a seven months old baby, Marilyn Diest of Wilmington, remained at Silver Cross hospital Friday.

Attorney A. H. Krusemark Sr., was overcome by the heat last Thursday afternoon while touring the No. 5 drainage district near Lemont. After he collapsed, drainage commissioners who were accompanying the attorney on the tour, rushed him to a near by farm house where they administered first aid. He was unconscious for almost a half an hour, before being revived.

Later, he was taken to Silver Cross hospital. Mr. Krusemark and the commissioners were viewing the drainage district preparatory to making classifications and assessments.

The sponsors of the shower took part in the Mock wedding and were: Mrs. Albert Lorenz, Mrs. Thelma Bruhns, Mrs. Elizabeth Warning, Mesdames Florence Yunker, Florence Funk, Esther Ginder and Eleanor Yunker. Refreshments were served and the bride opened her many lovely gifts.

NEW LENOX YOUTHS ADMIT TO CRIMES

Charges of criminal assault were filed by the State's Attorney office in Joliet yesterday against Albert Grossich, 16, and Raymond Johnston, 17 of New Lenox.

The boys are charged with picking up a 17 year old girl at a bus stop in Joliet Tuesday night and taking her for a ride past the State Police Headquarters on route 66A where they entered a country road and parked. Both boys admitted, under questioning by 'Poxy' Powers to assaulting the girl.

After being released Tuesday night the girl told her father of the incident and he reported it to the sheriff who had his deputies pick up the boys Wednesday.

Both boys are home on furlough from the navy.

War Souvenirs Wanted At Mokena Home Coming

Plans for the annual Home Coming, sponsored by the Mokena Civic Association are progressing favorably. Three days of fun and good fellowship, greetings between friends are in the offing. The Miller Amusement Enterprise Co., of LaGrange, Ill. will again furnish the rides.

This year plans are being made for a big parade to be held Sunday afternoon August 25. Neighboring towns are invited to enter this parade and compete for the valuable prizes that are to be awarded.

Plans are being made to have a tent in which anyone can bring articles to exhibit, antiques, fancy work, either large or small, or anything that is of interest to the public.

The Association especially desires the returned veterans to exhibit any articles or souvenirs which they have brought home from the theatres of war in which they operated. These exhibits will be carefully catalogued and guarded and will be returned to the owners. In order to provide ample space, it is desirous to have the veterans notify the Mokena Civic Association, Box 126 Mokena, if they have and will exhibit, so that provision for same can be properly secured.

Lets all get the spirit of thankfulness that our boys are home and meet in a friendly, happy way, and enjoy the occasion that a Homecoming really is.

Lincoln Estates School Election Friday

Lincoln Estates is much interested in the school election which is to be held in the two schools of that community tomorrow, which if the project carries, will solve the school problem which that community has had for some time.

It has been pointed out that the consolidation of the two schools, Ann Rutledge, District 159A and District 159 will not increase the school taxation at all, but will be a benefit to all concerned.

Attorney A. H. Krusemark, Jr., of Frankfort and Joliet has been handling the legal part of the project.

During the war they were taken away from their home and located in Posen. Her husband was in the German army for several years, and in the past January, the family was ordered by the Polish government to leave their home in Posen which they had to do in a hurry, leaving behind all their household goods, clothing and food. They returned to their home near Bremen, where they are now living. Her husband has returned to his family. He was a cabinet maker before the war. Mr. Kohler's father who is 84, is still living but in poor health.

\$7,000 Tax Money For Frankfort Tp. Rds.

Governor Dwight H. Green has released, effective July 1, the \$5,000,000 balance of a \$15,000,000 fund appropriated by the 61th General Assembly for improvement of township roads through out the state.

Will County had been allocated \$230,000 for its roads which is to be used on "secondary and feeder roads" according to the Bill as passed. Of that amount about \$7,000 is to be expended in Frankfort Township as follows:

On 5 roads with 4 inches of gravel: Maple street, starting at Wolf Road and going west 1 mile, thru Marley;

Starting at the Clarence Sheer farm in New Lenox township and going east 1 1/2 miles to route 45;

Starting at the Sauk Trail, a mile E. of Frankfort and going south for 1 1/2 miles to the Green Garden township line. Starting at the A.C. Geuther farm on route 45 and going east 1 mile to the Lutheran cemetery;

And starting at the Chris Kohl farm on 191st street and going 1/2 mile north and south from that corner.

The county is also putting in a new concrete bridge at the Louis Lauffer farm east of Mokena. This road is scheduled to be black topped.

Under this state road project the tonnage of stone assigned is as follows:

Frankfort 4899 tons; Green Garden, 4470; Peotone, 3749; New Lenox, 7124, Manhattan, 6928 and Wilton 4401. Mr. Roy Herbert of Joliet is the contractor furnishing the stone.

Government Purchase Of 1946 Wheat

According to Mr. Byron Gaskill, Chairman of the Will County AAA Committee, the United States Department of Agriculture has announced a program for buying some 250 million bushels of the 1946 wheat crop. In order to obtain this amount of grain, one half of all wheat bought by elevators and all other commercial merchandisers or handlers must be set aside for sale to the Commodity Credit Corporation. Farmers also are required to sell to the Government one-half of all the wheat they deliver for storage in elevators, warehouses, or other commercial facilities.

This program, says the committee-man, in no way affects the farmers who dispose of their grain by direct sale or who desire to hold it on the farm. It is only when he delivers his wheat for commercial storage that he must make the required sale to the Government.

All purchases made by the Government under the plan are to be at ceiling prices, and all of the grain so accumulated is to be used for export or other emergency needs.

Mr. Gaskill stated that it should be clearly understood that the County AAA Committees have no responsibility in the actual administration of the program, but, as service agencies, have merely been requested to pass along pertinent information to those who are interested in or will be affected by it.

Frankfort Church Scene Of A Pretty Wedding

She carried a bouquet of white gladioli. Her jewelry was a pearl necklace and pearl earrings, a gift of the groom.

The bride was served by her sister, Miss Vivian Schellhase as maid of honor. She wore a pink net dress with matching blusher and carried a bouquet of blue delphiniums and by Miss Frances Mark, sister of the groom. She wore an ice blue organdy and satin gown with blue net blusher. Her bouquet was made of gladioli and blue delphinium.

Mr. Walter Mark served his brother as best man and Mr. Leonard Rothenberg, cousin of the bride served as usher.

The bride's mother wore a printed green mesh dress and Mrs. Mark wore a printed gray crepe dress. Both had corsages of white gladioli.

Following the ceremony a dinner was held in the school gym, for about 200 relatives and friends. The bride's table was centered with a three tiered wedding cake. Following the dinner, a dance was enjoyed by all.

TINLEY PARK GARDEN CLUB

Tinley Park Garden Club held their July meeting Thursday afternoon, July 18, out on the spacious lawn under the trees, at the home of Mrs. Florence Anderson. This was our "Pot Luck" luncheon and it was a regular "Smorgasbord." After lunch the President Mrs. Leila Moss called the Meeting to order.

Election of officers took place at this meeting. The Officers for the year 1946-47 are: Mrs. Leila Moss, President, Mrs. Florence Anderson, vice president, Mrs. Clara Hug, Secretary and Mrs. Jennie Klepper, Treasurer.

Since there will be no meeting in August it was decided the Club would charter a bus and take a trip to Starved Rock on our regular meeting day, Thursday, August 15.

The gift or the day was awarded to Mrs. Leila Moss. The entertainment was arranged and presented by Mrs. Minnie Mager in the form of a game of naming trees. Mrs. Anderson won the award for this game.

The program for the day was very instructive and was arranged by Mrs. John Swisher as follows: Snapdragons, by Mrs. Werth, Sweetpeas, by Mrs. Clark, Geraniums, by Mrs. Anderson, and Petunias, by Mrs. Moss.

Assessment Roll For Year 1946 Townships Of Frankfort and New Lenox

Herewith is a list of personal property assessments in full and a list of real estate assessments which have been added or changed since the last preceding assessment, as made by the township assessor of New Lenox Township and returned to Ivan R. Rhodes, County Treasurer and Supervisor of Assessments.

The assessed values are subject to revision by the Board of Review and to equalization by the State Department of Revenue, Section 146 of the Illinois Revenue Act of 1939, as amended in 1945, provides that the Department of Revenue

"shall lower or raise the total assessed value of property in any county so that such property will be assessed at its full, fair, cash value."

"By means of a comparison of assessed valuations (as revised and returned by boards of review to county clerks) and estimated full, fair, cash value established through the analysis of property transfers (for a two- or three-year period), property appraisals, etc., the Department shall annually ascertain and determine the percentage relationship for each county between the valuations at which locally-assessed property is listed by Assessors and revised by boards of review, and the estimated full, fair, cash value of such property."

"With the ratio so ascertained and determined for each county, the Department shall then ascertain the amount to be added to or deducted from the aggregate reviewed assessment on property subject to local assessment jurisdiction in order to produce a ratio of assessed to full, fair, cash value equivalent to 100 percent."

The reciprocal of this ratio, a multiple, then will be certified to the county clerk to be applied by him uniformly to all property assessments in the county.

The 1945 assessment ratio determined by the department of revenue for Will County was 20 %. The multiple of this is 5, which means that the 1945 assessments herein published will be multiplied by approximately 5. These equalized values thus become the base for tax extensions for 1946, payable in 1947, and indicate the full, fair, cash value of the properties assessed, based on the assessed value as made by local assessing officials.

This publication (made in accordance with Section 103 of the Revenue Act) serves as a public notice to the taxpayers of the county of the assessed values fixed upon their property by the township assessors.

Taxpayers who consider their property incorrectly assessed may appear before the board of review on or before August 1 and file a complaint in writing according to Section 108 of the Revenue Act.

"I REALLY DON'T FEEL LIKE PRODUCING TODAY, MABEL, IT'S SO STUFFY IN HERE!"

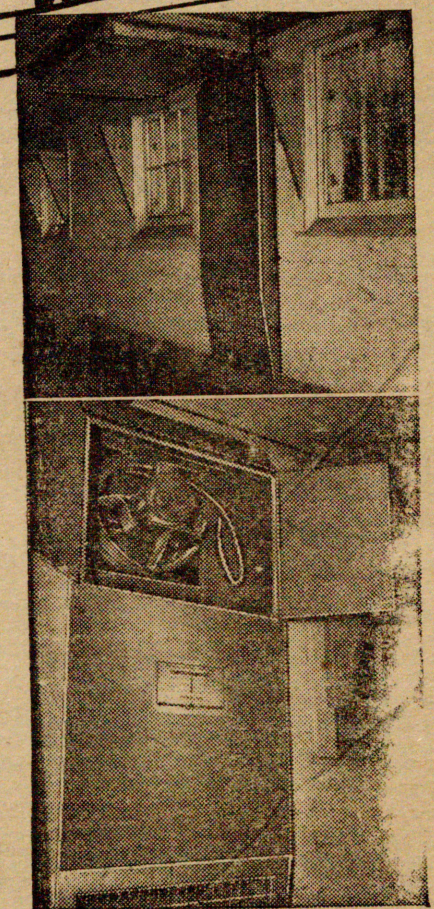

"Sometimes I think the boss expects too much of us girls. How can we work at our best when we're enveloped in a blanket of hot, stagnant air... when we're too busy swinging on the pesky flies that delight in hanging around this oven? I notice he doesn't enjoy himself in here either..."

The girls are right—Barns with poor ventilation please neither man nor beast. But farmers who have ventilating systems in their dairy barns will tell you that they do a swell job of keeping cows cool, contented, and in a milk-producing mood. Keeps them healthy, too, by providing oceans of fresh air without drafts... by maintaining cooler, more constant temperatures regardless of the outside air. What's more, barn ventilation eliminates the moisture condensation which rots timbers, and quickly exits undesirable barn odors which are frequently picked up by milk before it is marketed.

What to do about it? Next time you're in town, talk over barn ventilation with your dealer. Learn how cow-conditioned air—clear and clean, dry and odorless—pays dividends in healthier cattle, increased production. He'll gladly discuss fan sizes, fan locations, and costs... will show you how easy and economical it is to install a barn ventilating system.

MORE GOOD NEWS!
Electricity for barn ventilation and other farm chores is now available to more than 91% of the farms in the area served by this company.

Farewell Foul Air! An easily installed barn ventilating system exhausts stale air and odors... draws in oceans of fresh air that make a barn a more comfortable, healthier place for live-stock. Thermostatic controls make the ventilating system attention-free, economical to operate.
